TRICARE Region South Services:

Humana Military Healthcare Services has a host of tools to help you manage your health care benefits online. They range from such universal services as locating providers and accessing online enrollment and payment options (available to all visitors) to checking your individual referral and authorization status, claims status, eligibility, and enrollment card order, accessible via secured member-sign on.

Emergency Care: All TRICARE beneficiaries, in the event of a life-, limb-, or eyesight-threatening emergency, should call 911 or go to the nearest emergency department for care. If enrolled in TRICARE Prime, in all emergency situations, you must notify your Primary Care Manager (PCM) or regional contractor within 24 hours of any emergency admission so that ongoing care and claims processing can be coordinated.

Urgent Care : In an urgent situation, contact your primary care manager's (PCM's) office for a same day appointment or advice on how to handle the immediate situation. You may also contact the regional contractor's toll free number for instructions on how and where to access urgent care

Get answers to your questions: Humana Military customer service representatives can help you understand your benefit and costs: They are available Monday – Friday, 8 a.m. to 7 p.m. in all South region time zones, at **1-800-444-5445**. <http://www.tricare.osd.mil/south/#>
